### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest a system, method, or communication channel for preparing, disseminating and managing the production of a lesson associated with a student to guide a student in the preparation of a sequence of commands to control a plurality of media production devices to produce a show segment and the automation control system for receiving and executing the sequence of commands to control the plurality of devices to produce a show segment (as shown in claims 1-43) in combination with the other limitations in the claims. The improvement in this application is the creation of a tutorial lesson to teach students how to manage media production devices to produce a live show segment in combination with automating the delivery and execution of the commands created by a student from the lesson provided.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
